

"I love the youth of the Church.

I have said again and again that I think we have never had a better generation than this.

How grateful I am for your integrity, for your ambition to train your minds and your hands to do good work, for your love for the word of the Lord, and for your desire to walk in paths of virtue, and truth and goodness."

President Gordon B. Hinckley - (L.D.S. Historical Calendar - 1999)
